

Simplicitea infuser cleaning and caring

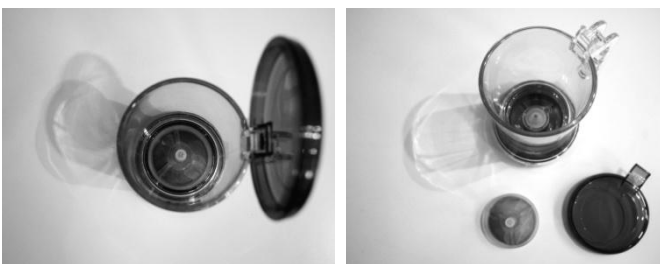

How to maintain your Simplicitea infusers for maximum product life time

A quick and easy clean

1. Brew and drain tea.
2. Immediately empty the tea leaves from infuser.
3. Rinse.
4. Allow to dry.
5. If time: wipe the inside to avoid water marks.

For a more thorough clean
Remove lid and strainer,
and wash separately.

* As a minimum weekly, but the need to remove tough stains varies on how often the Simplicitea infusers are used.

A rejuvenating care

OPTION 1

1. Leave the infuser to soak in a warm water solution with either vinegar, lemon juice or baking soda for a natural remedy - if you choose to use an industrial stain remover, please clearly follow instructions.
2. Hand wash with mild soap and a non-abrasive sponge.

OPTION 2

Place the infuser into dishwasher.
